MELBOURNE

**“EVERY DAY IS DIFFERENT.  
IT’S STIMULATING AND I GET TO MEET  
A LARGE VARIETY OF PEOPLE.”**

---

I had been made redundant three times. I was looking for a career change that would give me job security and found it at Yarra Trams. I used to work in a high-pressure corporate job and was often stuck in the office. These days, I work in a stimulating environment as part of a team that keeps Melbourne moving.

Being a mother of six, with 10 grandchildren, I like being in charge of my own schedule. Yarra Trams gives me time for family, and my team manager always has my back. Yarra Trams provides me with great benefits – I get free public transport, paid well and heaps of leave.

Best perk? I always get a seat in a tram! I love my job.
