IN

STYLE

**“I ALWAYS FEEL SAFE
DOING MY JOB. I KNOW THE
TEAM IS THERE WITH ME.”**

I wanted a career change and looked for a job with a good company that was safe and would give me career opportunities. As an authorised officer at Yarra Trams, it's not only about reporting offences, the most important part of the job is to deliver face-to-face customer service and ensure a safe network.

Public transport passengers are usually very friendly and I enjoy our interactions. Plus, I'm surrounded and supported by amazing people at Yarra Trams. I know I can always count on the team to be there.

There's great team spirit, I can tell you that. I'm part of the 'tramily'!
