## Tram Stop Upgrade

### Toorak Road, South Yarra

June 2021

We're building a level-access tram stop on Toorak Road that will improve accessibility, as part of the South Yarra Station upgrade. We're also upgrading the tram power supply near the intersection of Toorak Road and Chapel Street. These improvements will get Route 58 ready for E-class trams.

Expect temporary road closures, local access changes, and detours for public transport and traffic along Toorak Road between Murphy and River streets and on Chapel Street between Toorak Road and Daly Street.

	Early works	Major works
<b>When</b>	9pm to 6am, Thursday 3 June to Thursday 10 June 2021	10pm Friday 11 June to 5am Saturday 19 June 2021 (24-hour works)
<b>What's happening</b>	<ul style="list-style-type: none"> <li>Setting up work areas and traffic management.</li> <li>Cutting and digging investigation holes in asphalt or concrete.</li> <li>Excavating to locate underground services.</li> <li>Reinstating the work areas.</li> </ul>	<ul style="list-style-type: none"> <li>Digging up the tracks and removing rubble.</li> <li>Building a level-access tram stop with shelters, modern amenities and features.</li> <li>Trenching and installing power infrastructure within the tram tracks and roadway.</li> <li>Installing power infrastructure near the Daly Street substation.</li> <li>Reinstating the work areas.</li> </ul>
<b>What to expect</b>	<ul style="list-style-type: none"> <li>Night works.</li> <li>Mostly low levels of noise during the night with some short periods of medium-to-high levels when concrete is cut or excavating takes place.</li> <li>Local temporary lane, parking and footpath closures for short periods of time.</li> <li>Vehicles, trucks, small machinery and contractors on site.</li> <li>Some pedestrian detours in place as required.</li> </ul>	<ul style="list-style-type: none"> <li>24-hour works with road closures and detours.</li> <li>Toorak Road will be closed to traffic between Davis Avenue and Claremont Street from 10pm Friday 11 June to 5am Saturday 19 June 2021.</li> <li>Chapel Street will be closed from Almeida Crescent to, and including, the intersection of Toorak Road and Chapel Street from 1am Wednesday 16 June to 9am Thursday 17 June 2021.</li> <li>Toorak Road will also be closed from the intersection of Chapel Street to Chambers Street (west) and River Street (east) from 1am Wednesday 16 June to 5am Friday 18 June 2021.</li> <li>High levels of noise during the day and evening until 10pm e.g. concrete, asphalt and steel cutting.</li> </ul>

Early works

Power upgrade service investigations

Night works: 9pm to 6am, Thursday 3 June to Thursday 10 June 2021

- Setting up work area including traffic management.
- Cutting holes in the concrete or asphalt in the footpath, road and tram way.
- Excavating to locate underground services.
- Reinstating the work areas.

Road and parking

- Temporary lane closures in Daly Street, Toorak Road and Chapel Street, but no roads will be closed.
- On-street car parking will be temporarily closed near work sites, as required.
- Traffic management and signage will direct traffic, please follow signage around works.

Public transport

No changes to trams on Toorak Road or Chapel Street.

Pedestrians

- There may be temporary footpath closures.
- Local detours may be in place, please follow signage around works.

Noise and dust

Medium-to-high level noise and low-to-medium level dust is expected.

Open for business

Businesses located around the works area will remain open during the works. Please continue to support your local businesses during these essential infrastructure works. Pedestrian access to these businesses will remain open at all times.

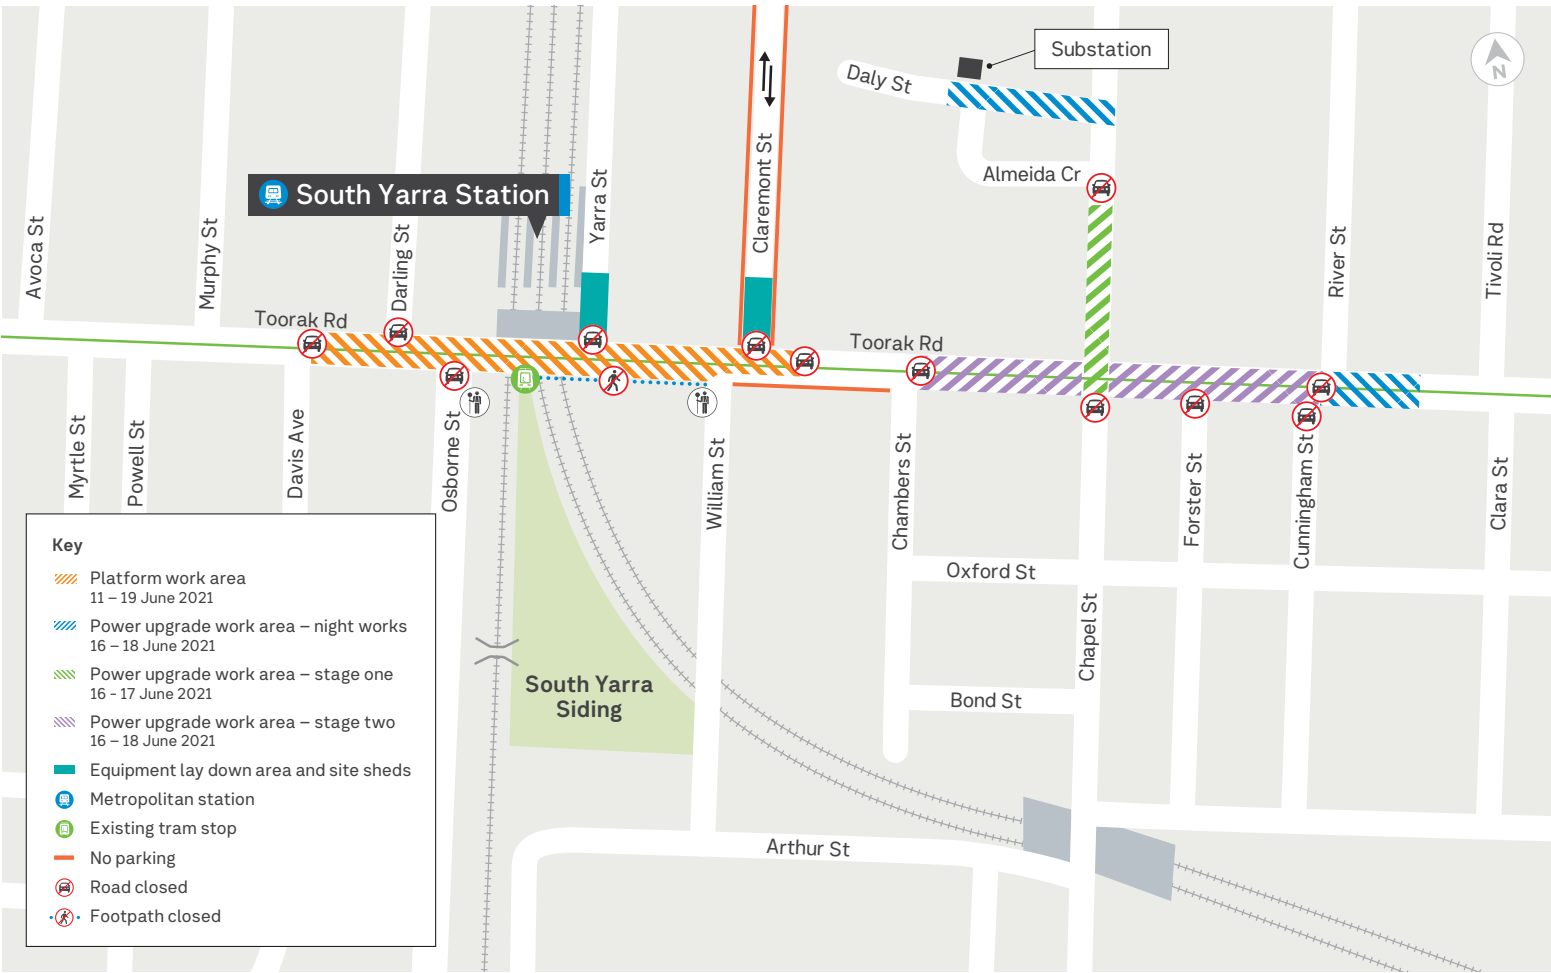

Early Works

Thursday 3 June to Thursday 10 June

Major Works

Friday 11 June to Saturday 19 June

Major works

Platform works

24-hour works: 10pm Friday 11 June to 5am Saturday 19 June 2021

Work will involve:

- Setting up work areas and traffic management.
- Building a level-access tram stop with shelters, modern amenities and features.
- Installing a bike lane and bike parking hoops outside South Yarra Station.
- Widening the pedestrian crossing and footpath.
- Creating water sensitive garden beds.
- Reinstating the area.

Power upgrade work

Night works: 6pm to 5am, Wednesday 16 June to Friday 18 June 2021

Stage one: 1am Wednesday 16 June to 9am Thursday 17 June 2021

Stage two: 1am Wednesday 16 June to 5am Friday 18 June 2021

Work across all three stages will involve:

- Setting up work areas and traffic management.
- Trenching and installing power infrastructure (pits and conduits) within the tram tracks and roadway.
- Reinstating the area.

Refer to map for where the work will happen.

Road and parking

- Toorak Road will be closed to traffic between Davis Avenue and Claremont Street from 10pm Friday 11 June to 5am Saturday 19 June 2021.
- Chapel Street will be closed from Almeida Crescent to and including the intersection of Toorak Road and Chapel Street from 1am Wednesday 16 June to 9am Thursday 17 June 2021.
- Toorak Road will also be closed from the intersection of Chapel Street to Chambers Street (west) and River Street (east) from 1am Wednesday 16 June to 5am Friday 18 June 2021.
- There will be no on-street parking on Claremont Street to allow for two-way traffic during the platform works.
- Other lane and on-street car park closures will be required around work areas.
- Traffic management and signage will direct traffic, please follow signage around works.

Public transport

Buses will replace trams on Routes 58 and 78.

Route 58: 10pm Friday 11 June to last tram Friday 18 June 2021

Buses replace Route 58 trams between Stop 22 Toorak Road and Stop 139 Glenferrie Road. Buses divert around the work zone.

## Public transport (continued)

**Route 78: First to last tram, Wednesday 16 June to Thursday 17 June 2021**

Buses replace Route 78 trams between North Richmond and Balaclava.

We recommend you allow extra time for your journey. For more information, visit: [yarratrams.com.au/servicechanges](http://yarratrams.com.au/servicechanges)

### Pedestrians

- The southern footpath across the rail bridge will be closed during the works (see map).
- Other footpaths around the work areas will be open. Some temporary closures and local detours may be required at times.
- Please follow signage around the works.

### Noise and dust

Construction will occur 24-hours a day.

Noise and dust are unavoidable, but we will work to minimise this as much as possible and complete the noisiest works between 6am to 10pm.

High levels of noise are expected during the first couple of days while the tracks are dug out and rubble removed. For the rest of the work there will be short periods of high-level noise.

### Open for business

Businesses located around the works area will remain open during the works. Please continue to support your local businesses during these essential infrastructure works. Pedestrian access to these businesses will remain open at all times.

As this work is necessary to maintain a safe tram network as required by the *Rail Management Act 1996* (Vic), Yarra Trams will not compensate any third parties for any losses incurred during the project.

### Close out works

Once the major works are complete, we will need to do some close out works. This work will include finishing works on the new tram stop as well as installing power cables in the newly installed conduits.

### Health and safety

To ensure the safety of all workers and the community, all construction and maintenance work undertaken by Department of Transport and its contractors are operating under High Risk COVID Safe plans.

If you have any mobility issues, medical needs or urgent access requirements that may be affected by these works, please contact us on **0466 853 477** or [projects-comm@yarratrams.com.au](mailto:projects-comm@yarratrams.com.au)

## We're getting Route 58 ready for E-Class trams

The upgrade to the tram stop at South Yarra Station and the tram power supply works will get Route 58 ready for the roll out of E-Class trams in late 2021.

E-Class trams running on Route 58 will make it more accessible so everyone can catch the tram and reduce crowding on this busy travel corridor connecting key Melbourne destinations.

E-Class trams are larger than other trams on the network, with room for more than 200 passengers.

Benefits of E-Class on Route 58:

- Increased capacity and reduced overcrowding.
- Dedicated spaces for passengers who travel with mobility aids and prams.
- Improved audio and visual passenger information and more myki readers.
- More comfortable and safer journeys for passengers.
- Level-access connections between the CBD and the Parkville hospital precinct.

To find out more about E-Class on Route 58:
