

Notice of works

Brunswick Substation

Update 1 – October 2025

We are upgrading the Brunswick Tram Depot to support the addition of larger trams to the fleet, more trams in the depot and to improve accessibility and safety. These upgrade works have been ongoing since last year and are progressing well.

Works to build a new substation, near the rail corridor on Cameron Street, have started and are progressing well.

To safely facilitate these works, we need to temporarily close the shared use path along the rail corridor.

Where?

Works will happen along Cameron Street, between Peveril Street and Prowse Street.

The shared use path will be closed along Cameron Street, between Moreland Road and Tinning Street with detours in place.

When?

Works will happen from **7am to 5pm each day (Monday to Saturday only, excluding Sunday and Melbourne Cup public holiday)**.

To minimise disruptions, the shared use path will only be closed on the following dates, from 7am to 5pm, with detours in place via Colebrook Street. The shared use path will remain open at all other times.

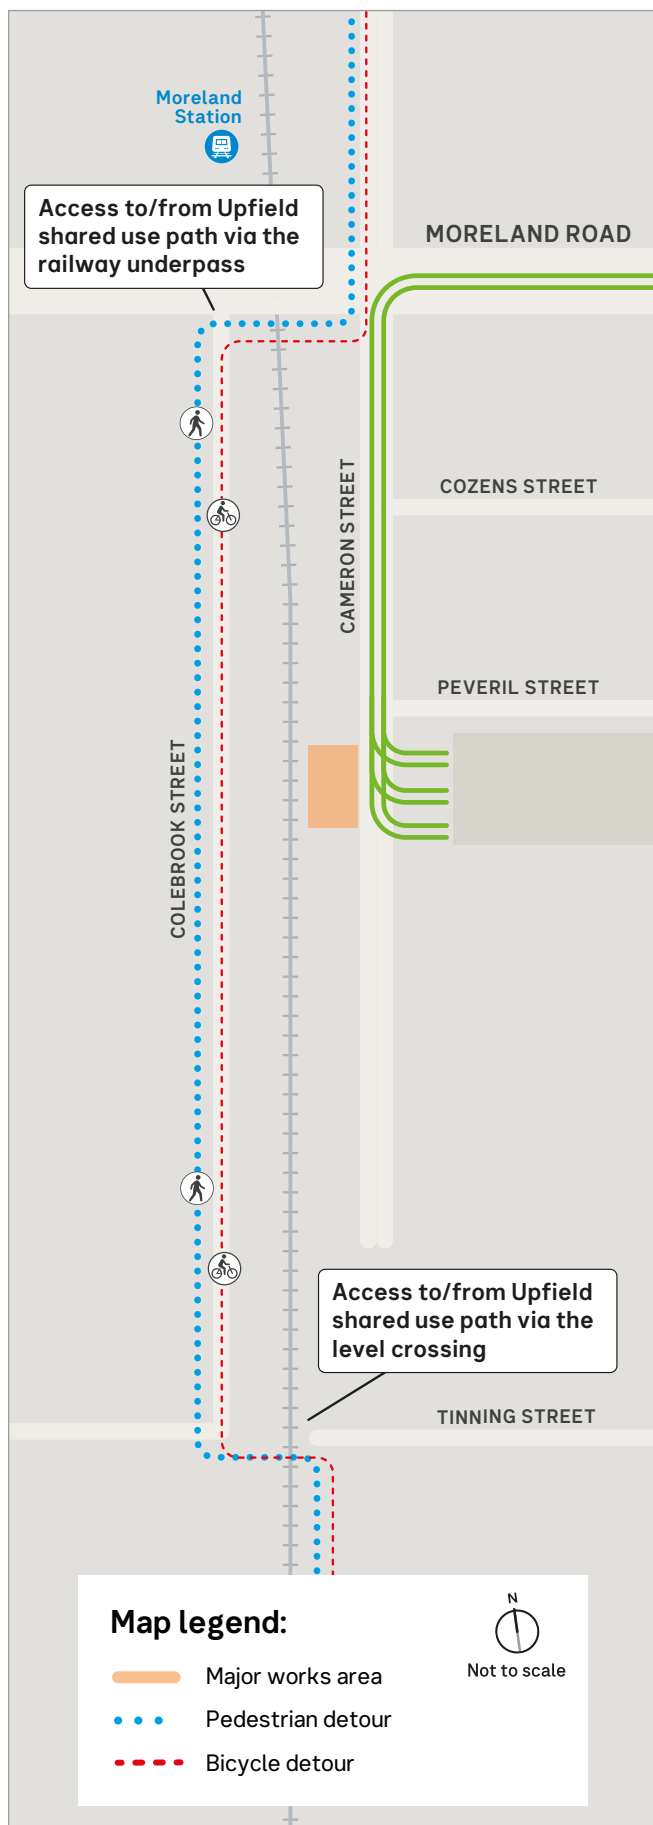

- Wednesday 22 to Saturday 25 October
- Tuesday 28 October
- Thursday 30 and Friday 31 October
- Thursday 6 November

Please pay attention to changed conditions.

What to expect?

- Vehicles, machinery, mobile cranes and contractors on site.
- Mostly low to medium levels of noise. Some short periods of high levels of noise.
- Shared use path closure with detours in place via Colebrook Street.
- Intermittent northbound traffic lane disruption during plant or vehicle movement in and out of the work site with traffic management in place.
- Traffic management and speed reductions will be in place to ensure worker and community safety. Please follow the signage and allow extra time when planning your journey.
- Works are dependent on weather and ground conditions and subject to change.

We appreciate your patience while these works are completed.
