

# Tram network upgrade

Domain and St Kilda roads, Melbourne

April 2025

Update 1

The Department of Transport and Planning (DTP) and Yarra Trams regularly carry out maintenance and upgrade work across the network to improve operations and passenger experience.

As a result of the completion of Anzac Station, we will reconfigure and reinstate overhead tram wires and associated infrastructure at the intersection of Domain and St Kilda roads.

**Part of Domain and St Kilda roads will have disruptions from Monday 28 April, including full road closures of parts of Domain and St Kilda roads from 9pm, Friday 13 June to 4am, Monday 16 June 2025.**

## About the project

Yarra Trams is working with the Department of Transport and Planning and City of Melbourne to reconfigure and reinstate overhead tram wires to Domain Road. This will include works at the intersection of Domain and St Kilda roads.

These works are now able to proceed with the completion of Anzac Station.

The project includes:

- Current pole dressing and preparation
- Overhead power installation
- Underground power pre works
- Underground power installation.

There will be no changes to the final traffic and parking arrangements after the works are completed.
